The report also provides information on the remuneration of the CEO and a summary of the Company's outstanding share and share price-related incentive programmes. The report has been prepared in accordance with the Swedish Companies Act and the Remuneration Rules on compensation to senior executives and on incentive programmes issued by the Swedish Corporate Governance Board.

Additional information on the remuneration of senior executives can be found in Note 8 (Wages, salaries and other remuneration, and social security costs) in the Annual Report for 2024. Information about the Remuneration Committee's work during 2024 can be found in the Corporate Governance Report in the Annual Report for 2024.

Board fees are not covered in this report. These are decided each year at the AGM and reported in Note 8 of the Annual Report for 2024.

The CEO summarises the Company's overall development and results in the CEO's message in the Annual Report for 2024.

### The remuneration guidelines

A prerequisite for the successful implementation of the Company's business strategy and safeguarding of the Company's long-term interests, including its sustainability, is that Indutrade is able to recruit and retain management with high qualifications. To this end, the Company must offer competitive remuneration and other terms of employment. The forms of compensation should motivate members of executive management to do their utmost in order to safeguard the interests of the shareholders. The total compensation shall be on market terms, straightforward, long-term and quantifiable, and may consist of the following components: fixed cash salary, variable cash compensation, pension benefits and other benefits. Variable cash remuneration covered by the Remuneration Guidelines shall aim to promote the Company's business strategy and long-term interests, including its sustainability. The Remuneration Guidelines are included in their entirety in this Annual Report.

In 2024, the Company followed the applicable Remuneration Guidelines adopted by the AGM. No deviations from the Remuneration Guidelines have been made and neither were there any deviations from the decision process which according to the Remuneration Guidelines must be applied to establish remuneration. The auditor's report regarding the Company's compliance with the Remuneration Guidelines is available on the company's website <https://www.indutrade.com/about-indutrade/corporate-governance/remuneration/>. No remuneration has been reclaimed. In addition to remuneration covered by the Remuneration Guidelines, the AGM previously resolved to implement long-term share-related incentive programmes. The plans are clearly linked to the business strategy and the Company's long-term value creation by being linked to earnings development.

### Variable cash remuneration

Variable cash remuneration is linked to predetermined and measurable criteria with a clear connection to the company's financial targets. The outcome is linked to the fulfilment of established goals concerning the Group's profit before taxes and working capital efficiency for persons in Group roles. For business area managers, the outcome is linked to the relevant business area's EBITA result and working capital efficiency. The Board of Directors is responsible for making that assessment as regards the CEO. For the other members of the Group management team, the CEO makes the assessment. The outcome for the 2024 financial year amounts to 28% (97) of the maximum outcome for the CEO and 38% (82) as an average for others in the Group management team.

### Outstanding share and share price-related incentive programmes

The main purpose of long-term incentive programmes is to create additional incentives for increased commitment and higher performance among the participants, to strengthen the opportunities to recruit and retain key people and to create a common ownership interest between the participants and the shareholders.

At the end of 2024, Indutrade had three outstanding long-term incentive programmes for senior executives and key personnel: the performance-based share programmes LTIP 2022, LTIP 2023 and LTIP 2024. LTIP 2021 was concluded in May 2024.

#### LTIP 2021, LTIP 2022, LTIP 2023 and LTIP 2024

LTIP 2022, LTIP 2023 and LTIP 2024 are performance-based share programmes for senior executives (including the CEO) and key personnel. Participation requires personal investment in Indutrade shares. These are referred to as Investment shares. For every Investment share acquired, a number of performance share rights were allotted, each of which, at the end of a three-year vesting period, can give the holder the right to receive up to one Indutrade share. In order to be allocated those shares, the employee must remain in employment, the Investment shares must still be held and the performance requirements of the particular programme must be met.

The performance conditions for LTIP 2021 were met in full and led to 356,169 Indutrade shares being distributed to programme participants, the CEO receiving 19,775 shares.

The performance condition for LTIP 2022 is linked to the accumulated earnings per share (EPS) for the Indutrade share during the performance period 2022–2024. The maximum value of the performance shares that can be allotted for each performance share right is limited to SEK 418 (corresponding to 200% of the volume-weighted average price paid for the Indutrade share during 17–23 February 2022).

The performance condition for LTIP 2023 is linked to the accumulated earnings per share (EPS) for the Indutrade share during the performance period 2023–2025. The maximum value of the performance shares that can be allotted for each performance share right is limited to SEK 528 (corresponding to 200% of the volume-weighted average price paid for the investment shares).

The performance condition for LTIP 2024 is linked to the accumulated earnings per share (EPS) for the Indutrade share during the performance period 2024–2026. The maximum value of the performance shares that can be allotted for each performance share right is limited to SEK 556 (corresponding to 200% of the volume-weighted average price paid for the Indutrade share during 22–28 February 2024).

The CEO acquired 2,217 Investment shares within the scope of LTIP 2022, 1,889 Investment shares within the scope of LTIP 2023 and allocated 2,398 Investment shares within the scope of LTIP 2024. For these Investment shares, the CEO received 13,302, 11,334 and 14,388 performance share rights respectively which, after the relevant programme period has ended, may entitle him to receive the same number of Indutrade shares.

In connection with the launch of the performance-based share programmes, the Board also adopted a policy for senior executives' share ownership. The recommended share ownership over time in relation to fixed annual salary is 100% for the CEO and 50% for other members of the Group management team.
